Hayama Town Song

Writer: Daigaku Horiguchi

Composer: Ikuma Dan

*So green are the mountains and so blue is the sea.
Mt. Fuji in the distance stands clearly and
the Shinto shrine arch on Najima Island stands closer.
The palace of the dragon king seems to be near.
How beautiful is Hayama's calm sea, Hayama is full of dreams.*

*The mountains are blessed with flowers,
fiery red azaleas in the spring,
dark or pale purple hydrangeas in the summer.
How beautiful are Hayama's flowers, Hayama is full of dreams.*

*Isshiki is an unsurpassed place with the Imperial Villa,
far above pine trees and the blue sky.
The people of Hayama are very proud of their town.
How beautiful are Hayama's people, Hayama is full of dreams.*
